Beschreibung:

Promoting Values and Defending Interests

Ausgabe **KINDLE**

The normative power of the European Union has historically been a key element of its foreign policy. This study considers the EU's Central Asia policy, questioning whether the EU's normative power can work in this remote region.

Über den Autor und weitere Mitwirkende

Georgiy Voloshin is a widely-published international affairs analyst and has worked as a political risk consultant for public and private organisations. His first book on the geopolitics of Central Asia was published in Paris in 2012.
